

# AAAI Feigenbaum Prize Nomination Form

*Due: March 15, 2013*

## **Candidate Name and Location**

Name (first, middle initial, last):

Address:

City:

State:

Zip or Postal Code:

Country:

Telephone:

Fax:

Email Address:

## **Record of Achievement**

List the candidate's principal contributions or singular remarkable achievement to AI theory or practice derived from or sparked by experimental studies of the behaviors of computational systems. Achievements should reflect the use of experimental methods of computer science on realistic challenges or with studies of deployments in real-world domains. Please provide details about the nature of the contributions, including such aspects as the technical details of the results, the methodology employed, and insights generated and shared. Nominations should include comments about the general influence of the candidate's contributions on theory or practice of artificial intelligence, on computer science, or on society more broadly.
