IAAI–92 Program Committee/ viii

Preface
Carlisle Scott and Phil Klahr/ ix

Customer Service Applications
   Timothy L. Acorn and Sherry H. Walden / 3
2. A Knowledge-Based System within a Cooperative Processing Environment
   Dale B. Danilewitz, and Frederick E. Freihat IV / 19
3. Help Desk: Using AI to Improve Customer Service
   Debra Logan and Jeffrey Kenyon / 37

Data Analysis
4. Making Sense of Gigabytes: A System for Knowledge-Based Market Analysis
   Tej Anand and Gary Kahn / 57
5. TPF Dump Analyzer
   R. Greg Arbon, Laurie Atkinson, James Chen, and Chris A. Guida / 71
6. **Marvel: A Distributed Real-Time Monitoring and Analysis Application**  
   U. M. Schwuttke, A. G. Quan, R. Angelino, C. L. Childs,  
   J. R. Verlage, R. Y. Yeung, and M. B. Rivera / 89

Finance Applications

7. **Pharos—The Single European Market Adviser**  
   Ebby Adhami, Michael Thornley, and Malcolm McKenzie / 109

8. **The Credit Assistant: The Second Leg in the Knowledge Highway for American Express**  
   James Dzierzanowski and Susan Lawson / 127

9. **MOCCA: A Set of Instruments to Support Mortgage Credit Granting**  
   Steve Hottiger and Dieter Wenger / 135

10. **Cresus: An Integrated Expert System for Cash Management**  
    Pete Shell, Gonzalo Quiroga, Juan A. Hernandez-Rubio,  
    Eduardo Encinas, Jose Garcia, and Javier Berbiela / 153

Industrial Applications

11. **DMCM: A Knowledge-Based Cost-Estimation Tool**  
    Norman Crowfoot, Scott Hatfield, and Mike Swank / 171

12. **SlurryMinder: A Rational Oil Well Completion Design Module**  
    E. Brent Kelly, Philippe Caillot, Robert Roemer,  
    and Thierry Simien / 193

13. **An Application of Model-Based Reasoning in Experiment Design**  
    Andrew B. Parker and W. Scott Spangler / 217

Regulatory Applications

14. **A Truly Magic Solution**  
    Rita C. Kidd and Robert J. Carlson / 237

15. **Adjudipro**  
    J. P. Little and Mark Gingrich / 249

Routing Applications

16. **HUB SIAASHING: A Knowledge-Based System for Severe, Temporary Airline Schedule Reduction**  
    Trish Dutton / 265
17. Arachne: Weaving the Telephone Network at NYNEX  
   Elissa Gilbert, Rangnath Salgame, Afshin Goodarzi, Yuling Lin,  
   Sanjeev Sardana, and Jim Euchner / 279

Software Development

18. Knowledge-Based Code Inspection with ICICLE  
   L. Brothers, V. Sembugamoorthy, and A. Irgon / 295

19. Automatic Programming for Sequence Control  
   Hiroyuki Mizutani, Yasuko Nakayama, Satoshi Ito,  
   Yasuo Namioka, and Takayuki Matsudaira / 315

Index / 333
